SAT Preparation and Analysis

Need help preparing for and understanding the SAT, and how to improve scores? Tutoring Tree can help!

We are offering **small group** courses to prepare students who plan to take the SAT test this 2009~2010 school year.

New this year, we are offering the option of an easy-to-understand analysis of student SAT results, including specific test-taking and study recommendations that can improve SAT and academic results. This customized report will detail student strengths and weaknesses with specific recommendations to meet student's target score, along with follow-up coaching to provide correct responses for incomplete and missed questions.

Groups will be offered on Thursday nights from 5:30 to 8pm at Lambert High school. The cost of each package includes a **Summit Educational Workbook & Vocabulary Flash Cards.**

All sessions must be pre-paid.
