## Why should I send my child to Jump Start Summer Camp?

- Our camp is taught by highly qualified and certified teachers who are experts with the Forsyth County Standards.
- We offer a 1 to 10 teacher to student ratio so each child's individual needs will be met.
- We focus on the areas of language arts and math, but students will have some exposure to science, social studies, and art through fun projects we will have planned at the end of each day.
- Your child will be provided with hands on games, projects, and activities to give him/her a preview of what is to come in the year ahead.
- Your child will be educationally enriched.
- Your child will be provided with a review packet of skills for extra practice.
- Most importantly, your child will begin school feeling confident and ready to learn!
