

Reading and Math Labs

🌱 **Reading Intervention** *as low as \$55 per hour (based on number of sessions/week)*

- 🌱 **Comprehensive Diagnostic Evaluation** for student placement
- 🌱 **Remedial reading program** that incorporates teacher-driven, direct instruction and employs the researched-based **Reading Horizons** interactive software.
- 🌱 These materials follow the **Orton-Gillingham** principles using an explicit and structured systematic phonics component.
- 🌱 Research shows this type of instruction is particularly effective for **ELL Learners**, and students with processing issues like **ADD, ADHD and Dyslexia**.
- 🌱 The sessions are designed to ensure **significant gains** in reading, writing, and spelling in a format that gives students of all ages, who exhibit below average reading skills, the autonomy they need to excel.

🌱 **Acceleration/Remediation Math Instruction** *\$35 per hour*

- 🌱 Provides individualized math tutoring using flexible learning pathways, individualized feedback and will **engage every student to learn math**.
- 🌱 Includes **rigorous content aligned with National Council of Teachers of Mathematics (NCTM)** and Georgia's GPS math standards.
- 🌱 The content challenges students to think mathematically through a balanced curriculum that teaches **both concepts and procedures**.
- 🌱 The session is perfect prep for High School Math I. (**Grades 6 – 9**)

🌱 **CRCT Predictor** *\$125*

- 🌱 A valid and **reliable formative assessment** that measures a student's existing knowledge, comprehension, and mastery of basic skills in reading and mathematics for the **Georgia CRCT**.
- 🌱 **Prescribes interventions** that are tailored to each student's ability and needs.
