

...helping you establish a firm foundation for your child's future.

Tutoring Tree is now offering an Online Tutoring Option!

Online Tutoring available for Grades 3-12

Tutoring Tree now offers online one-on-one tutoring for both academic and competitive exams. We have some of the finest tutors on board and each tutor is professionally qualified to help you excel in your area of need.

Online tutoring offers advantages such as 24 hrs availability and learning at your speed. Our online tutoring sessions are customized to match the needs of each individual. Our personalized approach sets us apart from the other online tutoring companies.

The virtual classroom allows one-on-one interaction between the teacher and the student, professionally and effectively in the comfortable surroundings of one's own home. Our proprietary platform provides multiple communication channels such as audio, video, text and whiteboard.

Parents/students can schedule appointments 24 hours in advance or even earlier with the tutor and also identify which areas he/she would like help with. The sessions are conducted by qualified, experienced teachers who understand the child's school texts and other materials to ensure that he/she is taught in line with school curriculum.

One on One Online Tutoring : Grade 3 – Grade 12

Pricing: Individual one hour long session - \$30
