

Summer Academic Enrichment Camp

This camp is designed for children entering **Pre-K through 5th grade**. The purpose of the Summer Camp is to help children easily transition into the next grade by exposing them to skills they will be taught in the next grade level. For example, if your child is currently in 2nd grade, he/she will be introduced to skills he/she will be taught in 3rd grade, thus, helping your child bridge to the next grade level smoothly. Our highly specialized and certified teachers have planned hands-on games and other activities to help your child prepare for the next school year. The best part is they will be learning without even knowing it!

We will focus on the areas of language arts and math, but your child will have some exposure to science and social studies through fun projects we have planned throughout the week. We offer a 1 to 10 teacher to student ratio so your child will have the opportunity to be educationally enriched during the summer break.

OPEN REGISTRATION March 29th

9-11am or 1-3pm Kroger @ Sharon Greens

Register and receive \$10.00 off; siblings 10% discount

Summer Academic Enrichment Camp
